CHOOSE A DURATION

What we need from you

A complete, approved brief keeps production fast and prevents avoidable regeneration costs.

01 Final approved script

Correct names, titles, dates and pronunciation notes.

02 Audience and tone

Who will watch, and whether delivery should be formal, warm or energetic.

03 Brand assets

Logo, brand colours, preferred background and mandatory visual elements.

04 Avatar, voice and format

Language, voice, framing and 16:9, 9:16 or 1:1 output.

05 Rights and consent

You must own supplied assets and provide written consent for custom likeness or voice.

06 Deadline and feedback

Confirm delivery timing and consolidate revision notes in one clear list.

Production flow

Important: Unauthorized likeness or voice cloning is not accepted. Major script or visual changes after generation are treated as a new regeneration and quoted separately.
